Gullett - Original Construction Budget was \$244,087, Novium Contract \$329,000. Project had no contingency, TPC \$304, 803.00. Current Project Cost 465,386.00 with Change Orders. Need approx. \$160,500.00 to cover all expenses. \$160,500

NEECHS (Reagan) - During the construction phase, an inspection of replaced electrical panels revealed the absence of panel ground wires. Third party commissioning agent ACR strongly recommended installation of panel ground wires due to safety concerns and also recommended possible replacement of existing conductors, also due to safety concerns. Project engineer indicated that replacement of existing conductors and addition of ground wires was intended as part of the design. However, replacement of conductors and addition of ground wires was not mentioned on the drawings or in the project specifications. Contractor claims cost of feeder replacement and addition of ground wires was not included in their bid. \$200,000

Total August 2020 **\$360,500**

July 2020 - 2017 Bond Budget Amendments**Contingency Transfers**

Eastside Vertical Modernization (Sanchez) - A budget increase of \$857,835 from program contingency is needed to modify the FF&E (Furniture, Fixture and Equipment) budget, as well as additional construction costs for the project. The original FF&E budget amount did not align with the new furniture standards for modernizations projects. Also, the project increased in cost between the 90% and 100% Construction Developments due to final development of drawings and updates to AISD standard. \$857,835

Total July 2020 **\$857,835**

Modernized Eastside HS @ Anderson - Transfer funds back into contingency since we are past a significant point in construction. -\$1,000,000

New Southwest ES - Due to the golden warbler, early release of the job package needed to be advertised, at the time market conditions were high and numbers for the project were unfavorable so we needed to add 2.8M to the project to ensure we carried money for early deployment and cover the costs of the unfavorable bid \$2,862,012

Total March 2020 **\$4,325,445**

January 2020 - 2017 Bond Budget Amendments**Contingency Transfers**

Blazier Relief - Budget increased due to the construction of shell space to accommodate a future 7th grade build-out and allowance carried to facilitate schedule acceleration required due to a two month delay in the issuance of the site development permit.	\$1,375,000
LBJ Vertical Modernization (Norman) - Significant demolition and new construction required to meet Ed Specs. This was done instead of renovating as originally planned.	\$5,975,644
New Southwest ES - Budget increase due to the complexities of the site including complexities of construction atop Edwards limestone formation, existing karst features, grade change across the site, required extension of public utilities, and challenges of construction in a protected environmental habitat.	\$1,500,000

May 2019 - 2017 Bond Budget Amendments**Contingency Transfers**

Doss - The dual language program required an increase in the space program from the typical Ed. Spec. to accommodate additional classrooms. The final design relocated the building to the north east corner and increased it to three stories, utilizing the natural topography of the site. This resulted in saving significant green space and trees, but required demolishing and rebuilding the existing library, which had been planned to remain. The existing gym was able to be preserved due to its good condition, and location onsite.	\$1,300,000
